Stackable

Inspired by the American Midwestern style and Shaker craftsmanship, the stackable Louvre chair is a lightweight chair with an open backrest. It reinterprets the design of traditional wooden chairs and utilises the quality of modern plastic injection moulding technology. It is a no-nonsense design that is enjoyable and familiar to the user, and at the same time, modern and fun. The Louvre Chair is stackable and can be used indoors and outdoors.

Also available in sustainable 100% Ocean Plastic (OP).

Polypropylene and mild steel combine to present modern sophistication, pure lines and a sturdy, stackable chair in ultra-fresh colours. The 120 chair is inspired by a triangle's inherent strength. Look for the chair's unique feature of three 120° angles, adjacent to each other, forming the joint between the front leg and the chair seat.

Also available in sustainable 100% Ocean Plastic (OP).

# MATERA

Design Enrique Martí

If you had to choose just one chair for both indoor and outdoor areas, the Madera chair is your pick. Made of a metal frame and LLDPE, the Madera is water-resistant, so using it for al fresco dining poses no problems. It also saves storage space as it's stackable, and the simplicity of its design makes the chair an easy fit anywhere. To have a different feel for indoor and outdoor spaces, just choose a different colour to distinguish between the two sets of chairs.

Design Cilicon Faytory

Design Attribute Design

This series features dramatic volume while preserving graceful, natural curves. The wide seats comfortably fit people of all sizes.

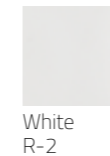

The Obie Arm Chair and Love Seat are designed for both indoor and outdoor spaces. Fashioned from polyethylene, this collection enjoys the considerable benefits of UV protection, imperviousness to fluids, durability and ease of cleaning. Using a single material in its construction also allows for cost-effective recycling.

# VIENNA

Design Silvia Marlia

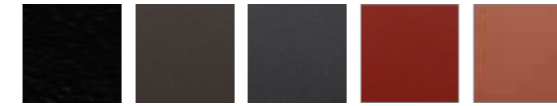

The 1930s are back again in the reinterpreted Vienna Collection. The design and aesthetics of indoor furniture are brought outdoors, complete with aluminium castors for easy manoeuvrability in open-air spaces. In a contemporary twist, a shiny powder-coated aluminium mesh replaces the classic cane feature; all frames are made of aluminium; and the cushioned seats and backrests are in Sunproof outdoor fabric.

Packing: 0.250m<sup>3</sup>, 2pcs/ctn

The name Algieba was inspired by a set of binary stars. Aesthetically influenced by the rattan chair, this piece is highly suitable for your terrace as it is constructed with metal. The frame represents the stars orbit, and the gap between each uneven metal tube represents the random distribution of moving stars. Stackable.

Material: powder-coated mild steel.

**Veritas chair**  
W530 x D590 x H780 x SH450mm  
Packing: 0.400m<sup>3</sup>, 4pcs/ctn  
Stackable

Named after the Goddess of Truth in Roman mythology, the Veritas Chair truly gives ease a new meaning. The bigger proportions of this 'traditional terrace' styled chair oozes a feeling of roominess and generously adds to its comfort. The stackable Veritas Chair is the obvious choice for those who prefer their chair seat to be a little less snug. Made from mild steel with e-coating and outdoor powder coat, metal slats or Artwood slats, this affordable industrial vintage-styled chair is designed for shaded outdoor use and is available as Chair, Arm Chair and Barstool.

# ELLIPSE & RAQUEL

Design Enrique Martí

Design Morten Georgsen

Despite its lightweight appearance, the Ellipse Chair is solid and strong. Constructed wholly of mild steel, this chair has an appreciably wider girth where the backrest joins the seat. The broad panels are also contoured just right to sturdily cradle even heavy-set persons. See it in a variety of interesting colours.

The Raquel Chair draws its inspiration from the mesh and oval shape of a badminton racquet head and adds a dash of daintiness to the design. With its shapely backrest, curvaceous wide-bottomed seat and rounded edges, Raquel oozes feminine appeal and is a joy to behold. The covered-outdoor chair is upholstered in Sunproof outdoor fabric and its mild steel frame is e-coated with outdoor epoxy.

Talk about being luxuriously lazy in your back garden! Everything about The China Bed (TCB) recalls the indulgent ease of opium smokers on their beds in China's past. A sunshade keeps the sun from the eyes while one snoozes or reads and even getting up for a drink poses no problems. That's because TCB has a slightly sunken tray for holding a cup or glass. Corner units can be combined to form a two-seater.

**Neo 1-seater sofa**  
W1300 x D905 x H840 x SH390mm  
Packing: 0.846m<sup>3</sup>, 1pc/stack

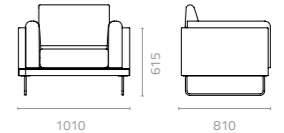

Fancy feeling cosily suspended in midair when sitting or lying down? Like big cradles, the one-seater, two-seater and three-seater in the Neo Collection all seem to dangle weightlessly in the air, supported at both ends by legs of sturdy teak wood or powder-coated steel. Wide armrests easily balance a drink or a book. The Collection is constructed of flat wicker on aluminium frames with foam cushions in Sunproof outdoor fabric.

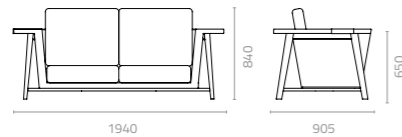

The square lounge seat-styled Moel Collection is a natural choice for environments that require furniture to be adaptable. This modular range of 1950s-inspired sofas can be arranged in combinations that maximise the space available. Upholstered in Sunproof fabric or sporting wickerwork on a stainless steel frame, all three versions of the sofa are ideal for outdoor use. Indoor fabric is an option for indoor spaces.

## Madeleine cahir

W600 x D645 x H830 x SH470mm  
Packing: 0.268m<sup>3</sup>, 1pcs/ctn

The Madeleine sports energetic and neat features. The complex craftsmanship of hand-woven rope with its fine detailing disguises its functionality. Once the seat is removed, the Madeleine becomes stackable and a space-saving indoor piece. Customise it with aluminum or metal will make it more durable for your outdoor space.
